

# SeaRox® SL 480

SeaRox SL 480 is a strong and rigid stone wool insulation slab (board). Neutral glass tissue (TN) facing is available upon request.

## Application

The slab (board) is primarily suitable for production of marine panels as a slab or cut into lamellas. It can be also used for insulation of floating floors with a pressure-equalizing plate of steel or moulding material, where higher load capacity is required.

## Product properties

Product property	Performance		Norms
Thermal conductivity	T (°C) λ (W/mK)	10 0,037	EN 12667
Nominal density	200 kg/m <sup>3</sup>		EN 1602
Compressive strength	≥ 40 kPa		EN 826
Fire classification	Non-combustible Approved for A-60 Floating Floor Low flame-Spread Properties		IMO 2010 FTP Code
Water absorption	< 1 kg/m <sup>2</sup>		EN 1609 / EN ISO 29767
Sound absorption (directly mounted)	Thickness: 50 mm unfaced α <sub>v</sub> = 0,75		ISO 354 Evaluated after ISO 11 654

## Compliance

- SeaRox SL 480 complies to directive 2014/90/EU of 23 July on marine equipment (MED) and IMO 2010 FTP Code.
- Above product declarations are also applicable for product with optional facing.
- ROCKWOOL stone wool insulation is made from volcanic rock and complies with Note Q, regulation (EC) No. 1272/2008.

As ROCKWOOL has no control over insulation design and workmanship, accessory materials or applications conditions, ROCKWOOL does not warranty the performance or result of any installation containing ROCKWOOL products. ROCKWOOL's overall liability and the remedies available are limited by the general terms and conditions of sale. This warranty in lieu of all other warranties and conditions expressed or implied, including the warranties of merchantability and fitness for a particular purpose.
